Welcome to the July 2009 Mortdale Matters

Again it has been a busy time at the Mortdale Clubrooms since the last Mortdale Matters with a work weekend on 16th & 17th May on the Stoney Creek HO layout to undertake some major re construction of the Deawy yard area. On Sunday 17th we also saw a visit by the NSW N Scale Group. By all accounts they enjoyed the hospitality of the club as catered for by Marilyn & Barry Wilcockson and others. On 1st August we will see a visit to the club by the Macarthur Model Railway Club.

On the heritage scene we are seeing the Independent Transport Safety & Reliability Regulator flexing its muscle as groups such as Glenreagh Mountain Railway and Lachlan Valley Railway not able to operate because of accreditation issues. As a personal view its seems to me that the smaller heritage operators are struggling to comply with the accreditation requirements and in the future we may see main line heritage operations only being conducted by larger organisations such as the NSW Rail Transport Museum, Zig Zag Railway and the Loftus Tramway Museum.

See you at the Clubrooms, Geoff Lanham Secretary AMRA NSW Branch and Mortdale Matters Editor

Subseribing to Mortdale Matters

You can subscribe to *Mortdale Matters* by contacting our publicity officer, Philip Lee. Philip can be contacted either in person or by seeing a Duty Officer at the clubrooms, or by e-mail: pjlee@iinet.net.au.

The preferred method of distribution for *Mortdale Matters* is via email. The file size for *Mortdale Matters* is usually around 2 to 3Mb. *Mortdale Matters* is also available via post or care of the clubrooms for those without a suitable internet connection. There is also a limited number of copies at the clubrooms for those not on our mailing list. *Mortdale Matters* is also available to download on our website: www.amransw.asn.au

Submitting to Mortdale Matters

With so much continually happening at our Clubrooms, its easy for something to slip through the cracks. If you've got any news that you'd like to submit to *Mortdale Matters* please email me at secretary@amransw.asn.au or jethro_lenny@hotmail.com or leave a copy of your submission in the Secretary's pigeonhole in the office.

Mortdale Matters especially needs photos. Prototype photos will also be included with each issue but the focus will always be on Branch activities and events. Any prototype will be considered. Photos can be emailed to me at the above address or you can leave a disk or CD in the Journal pigeonhole in the office. Image size does not need to be larger than 1024 x 768.

I must emphasise that ALL submissions must be original material, i.e. photos that you've taken yourself or articles that you've written yourself.

Material is published in *Mortdale Matters* at the committee's discretion.

The deadline for submitting material for the September 2009 Mortdale Matters is 15th August 2009

N Seale Layout Report

David Bennett reports that regular maintenance is ongoing with a set of points being re-soldered in Watson Flats recently. More buffer stops are being made to finish off the area around the roundhouse at Wallamudra. Work is well advance for the construction of the sawmill located at Lischeld siding, this is being made mainly of 0.4mm and 0.8mm plywood. Fluorescent lighting is being developed for the main tunnel near Wallamudra engine depot, this is being done using 1.5mm optic fibre and four superbright LEDs

Class 221 Super Voyager DMU crossing the bridge on the clubs N Scale Layout. This photo showcases the excellent contribution made by Val Bennett in painting both the river and the backscenes. The bridge was assembled from three Walthers kits. (Photo Geoff Lanham)

Assistance with Rafile Layout

Each year at around this time construction begins on the Raffle Layout for the Exhibition. As usual we are seeking club members who would like to assist with the construction of the layout. If you are interested in assisting with the layout construction, please contact any Committee member. David Bennett reports that progress to date has been as follows.

The plywood road base has been glued together and will soon be glued to the risers to provide the necessary elevations. The valence edges have been marked for the jig saw profiling and this will be done once the plywood road base is glued in place.

O Scale Continuing Developments

Following the recent opening of the universal extension to the O scale layout, the O Scale layout committee are continuing to undertake more work to further improve the operational capability of the layout. A cross over has been installed to facilitate the transfer between the original outer main line at Central Platform One and the new inner universal circuit. This will enable transfers to be made in both directions and overcome the need to reverse a train. The cross over was hand made by Maurie Haynes.

Stoney Greek HO Layout

In lieu of a detailed report on the recent developments for the Stoney Creek HO layout, I have included some photos taken of some of the work that was undertaken over the weekend of 15th & 16th May when the layout was closed down for the weekend to enable a concerted construction effort

GENERAL ACTIVITIES: the facilities may be used as permitted e.g. layout construction, some running, modelling, library, etc

Members Facility Fee unless otherwise indicated: Adults \$5, Juniors/Seniors (70+) \$3.

Guests are welcome unless otherwise indicated

MEMBERSHIP RENEWALS

Its now time for you to renew your AMRA Membership.

As indicated in the May/June AMRA Journal the renewal rates for this year are:

	One year	Three Years
Senior	\$28.00	\$84.00
Senior + Family	\$33.00	\$99.00
Student	\$18.00	

These fees are payable to the AMRA Federal organisation and are due to be paid by 1st September 2009.

It is recommended that you pay the fees direct to the Federal Registrar at PO Box 429 Moorebank NSW.

In the past we have accepted payments at Mortdale but the double handling of the membership fees has delayed the renewal of membership and resulted in considerable effort by the NSW Branch Committee in following up payments.

The members area at the AMRA Federal website (http://www.amra.asn.au/members) can provide members with a copy of their membership renewal form and also Paypal facilities for payment.

I can access membership details from the AMRA Federal website and can assist NSW members with queries relating to their membership including re printing of their renewal forms. Please see me when I am at Mortdale

Geoff Lanham

The 47th SYDNEY MODEL RAILWAY EXHIBITION

3rd, 4th and 5th October 2009 Whitlam Leisure Centre, Memorial Avenue, Woodward Park, Liverpool.

OPEN MODELLING COMPETITION

HOW REAL MEN LIGHT GANDLES

What do you do when you can't find a lighter or matches to light some candles. This dilemma confronted Denis Gilmore at a recent celebration to commemorate the 10th anniversary of the commencement of operations on his Indian Lake home layout. The solution as illustrated by the photo below was a lesson in how real men solve such as problem Simply get your portgas blow torch, light it with the flint gun used to light oxy torches and then light the candles with the gas torch. (Photo Geoff Lanham)

REMINDERS TO MEMBERS

Two reminders to members using the Mortdale Clubrooms

PARKING

As members arrive and depart from Mortdale at different times please show consideration for other members. If you arrive later in the day and park behind other cars either in the drive way or in front of the clubroom then you should expect that you will be asked to move your vehicle when a member who arrived before you wants to leave. The committee would ask that you comply with any reasonable request to move your vehicle to allow for others to leave. If you don't want to have the hassle of being asked to move your vehicle then it might be a good idea to park in the street (particularly on Saturdays).

USE OF EOUIPMENT

The Committee recommends that when working with equipment particularly in the garage / storage area that its good practice to have a helper with you to assist with your work. This area is somewhat isolated from the rest of the clubrooms and is good practice for your safety to adopt this practice.

If you find equipment that is faulty, you should not continue to use the equipment and report it to one of the committee members. Similarly if the equipment requires consumables write the details on the board in the workshop or talk to a committee member.

3801 Progress

As a lot of Branch members know Rod Fussell is totally enthused with this green icon. 3801 has recently been moved to Chullora for continuation of its refurbishment which will ultimately involve the fitting of anew boiler. Rod recently captured some photos of 3801 in somewhat of an "unclothed state" and also managed to be present at Thirlmere when it was being moved to Chullora even though most people could not find out when this was going to occur.

A somewhat unclothed 3801 in the exhibition hall at Thirlmere on the Day out with Thomas weekend with most of its cladding removed in preparation for its move to Chullora

Photo Rod Fussell

An shot of 3801 in early 2006 when it was being operated by 3801 Ltd prior to it being repainted green.

Photo taken at Glenfield at the junction of the East Hills Line

TRAVEL WITH US TO WOLLONGONG & KIAMA on Sunday 9 August 2009

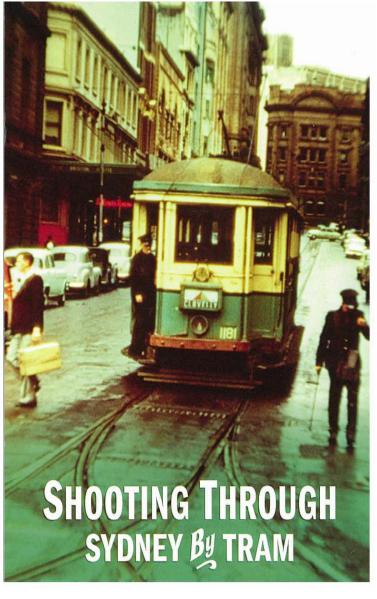

Heritage Steam Train with 3642 and 5917 and Heritage Express carriages to Kiama.

Lunch at Kiama - 150 Year Celebrations and street fair. Special trip to Port Kembla.

Train starts at Central and picks up at Hurstville, Sutherland (and return).

Organised by Epping Model Railway Club Inc. For Details and Booking contact Paul 0419 577 760, Email contact@eppingmodelrailway.org.au Details www.eppingmodelrailway.org.au PO Box 317, Epping, NSW, 1710

SHOOTING THROUGH: SYDNEY By TRAM

Trams are back in Sydney! Climb aboard for a fascinating journey along our city's once great tramway network, which at its peak was the second largest in the British Empire. Experience the sights and sounds of the much-loved trams in this special exhibition that spans the 100-year history of Sydney's trams - from the first horsedrawn tram in Pitt Street in 1861 to the last electric tram in 1961.

Exhibition on 4 April - 18 October 2009

MUSEUM OF SYDNEY
